## Progress

I hope this issue finds everybody keeping well and looking forward to some decent weather.

For me, the start of 2021 was anything but smooth sailing but things are at last getting back on an even keel so, in this issue of PhotoNews, I am introducing the passenger vehicle photos by Keith Houlden (KHc prefix) Mainly East Midlands operators, Keith has very kindly sorted them into a rough order but they are far from being all RoadCar vehicles. If you have Internet access you can see some of his work on our web site by searching for KHc00. It's all top quality 4 and 5 star.

Some time ago I stopped including my own truck photos in PhotoNews because of the general lack of interest in the modern stuff. I am about to produce the latest update to the "Bob's Truck Photos" catalogue so, if anybody wants a copy with their next PhotoNews order, please let me know by writing "DNC LIST" on the top of your order form and adding £1.00 to your order – it's a bit on the heavy side. The last update was Addendum 10, which went out 1<sup>st</sup> Sept last year. These DNC photos are the same price and quality as PhotoNews by the way.
