Please make cheques or Postal Orders payable to "ATPH" but leave the Postal Orders UNCROSSED so that we can use them in the Post Office to pay for postage. If you wish you can also pay with English banknotes (plastic, not paper) but, please, *no coin*. Thanks.

All photos sold subject to the terms and conditions of the NA3T.

DNC Photos

In this issue I have not shown the Stagecoach South buses as I believe I have featured them all in previous issues. However, if anybody would like a full list of our local buses please drop me a line with a first class stamp towards the postage. Between July 2013 and now I have, apparently, taken 750 photos. There may be more than one shot of the of the same vehicle !!!

Some of the buses listed may have more than one shot available. If you are not sure which to choose just write a note on the order form for me to select the best shot.

The bulk of the DNC photos are modern commercial vehicles (CVs). The full catalogue of almost 21,000 CVs is available on our website but if you are unable to visit it I can send extracts by make, type or operator.

Bespoke (Wants) lists

If anybody would like a full list of photos of subjects (air or road) by operator or type / model, etc., I would be happy to offer the same prices as for PhotoNews photos. Please send a stamped addressed envelope or phone for details.

Sale of surplus photos

I need to clear some space in the archive so I am disposing of my accumulation of aircraft, bus and truck prints. These will be job lots, as I do not have time to sort them other than by aircraft, trucks, passenger vehicles or heavy haulage.

Pack of 25 for £6.00 including new UK postage.

Digital Photos

In this issue we are continuing with the JEXC series of digital photos, which are proving very popular. John is based in Fraserburgh and is making use of our digital uploader website to send his photos.

If anybody else would like to do the same, they can upload their photos by going to www.na3t.net and following the guide. If you have a DSLR camera but no Internet connection please call me on 01903 235167 and I will arrange a loan memory card of the same type you are using.

Digital images in lieu of prints? If you are interested in receiving your order as JPEGs please email me for details.

Have fun

Bob
